Student Assistance Program™

Presented by:

In conjunction with

Do you know a Student showing any of the following behaviors?

- * Sudden or ongoing drop in grades
- * Changing friends or no longer spending time with old friends
- * Withdrawing from family, friends or school
- * Unexplained physical injuries
- * Acting aggressively
- * Depressed
- * Defying authority, either at home or at school
- * Talking about suicide
- * Experimenting with drugs/alcohol

Are you worried about the student? If so, we can help you.

The School District of Onalaska Introduces The Student Assistance Program™

The School District of Onalaska has partnered with a local counseling agency, Stein Counseling and Consulting Services, Ltd. to provide services and assist students who have been identified as having "barriers to learning." By using the Student Assistance Program™, parents and school staff can identify and work with the student to remove these barriers.

Your school's SAP team will help you find services and assistance within the school and, if necessary, in the community. Remember, you are part of this team and it is our goal to help your child succeed in school.

How does a student become involved with the program?

Anyone can refer a student to the Student Assistance Program™. A student may be referred by a teacher or other school staff. Also a student's friend or family can let the SAP team know they are concerned about a student. The student themselves can also go directly to the SAP team to ask for help. It is important for you to know however, the SAP team will not become involved unless we receive parental permission..

The SAP team comprised of school staff and Stein Counseling employees will request that you sign appropriate paperwork for your child to become involved in this program after the initial conversation. Once you sign the forms, the SAP team will begin to work with you and your student. If you feel you need more information before making a decision, please let your school guidance counselor know.

After the paperwork is completed, your student will be seen child at the school by a licensed professional counselor from Stein Counseling. Stein staff is able to talk with your child and develop a plan utilizing 3 to 5 sessions. Following those 3 to 5 sessions, the SAP team will recommend other resources if needed. If necessary, the SAP team will talk to you about various services in your community.

Remember it is our goal to help remove the barriers that impact your child's learning abilities. Together we can do just that!
